## SPRING 2006 PLACEMENTS IN CCPS

School coordinators and clinical coordinators have been working hard over the past month to finalize clinical placements in CCPS for the Spring 2006 timeframe. Over 800 proposals for clinical placements have been made by our CCPS school coordinators from 29 schools. These requests were made to 39 different hospitals that had entered unit availability in CCPS.

Although some system issues were uncovered during this first full scale use of CCPS, each one was addressed and resolved within two business days. Our users were very patient in working through these obstacles and in learning how to use the new tool. Ultimately, we believe, as do our users, that CCPS will greatly enhance the clinical placement process by saving time and highlighting opportunities for additional student cohorts. We have also been collecting and acting on feedback provided by users over the past few months. (See pages 4 and 5 for comments from two of our users.)

The Bay Area NRC is a collaborative effort between the Foundation for California Community Colleges (FCCC) and the California Institute for Nursing & Health Care (CINHC).

Thanks to the Gordon and Betty Moore Foundation for their financial support of this project.

## BAY AREA NRC VALUES:

### **Trust.**

Establish and maintain the highest levels of system integrity.

### **Mutual Respect.**

Treat everyone as a valued colleague.

### **Community.**

Uphold a sense of "oneness" and cooperation with all stakeholders.

### **Educational Excellence.**

Ensure all students are enabled to realize their potential.

### **Open Communication.**

Commitment to listen and share ideas.

Enhancing  
the Quality  
of Nursing  
Education to  
Improve  
Patient Care.

## SIMULATION CENTER SITES SELECTED FOR PHASE I

Based on the findings of our consultants, we will recommend to the Gordon and Betty Moore Foundation that we use a phased approach beginning with Southern Alameda (Washington Hospital site) and the Oakland area (Samuel Merritt College). The Marin Collaborative, the Nova/South Bay group, and the San Francisco County collaborative will be projected for subsequent phases in 2007 and beyond. Each of these sites will need to achieve a state of readiness that is commensurate with starting a program. Laerdal Medical equipment will be used for the first phase of this project, but pricing agreements have been negotiated with both Laerdal and METI, Inc. While working on setting up the physical centers, we will put significant focus on the training and education of faculty and educators around simulation. Concurrent with the submission of the Moore Foundation proposal in December, we will move to consolidate the foundation and vision of the Bay Area Simulation Collaborative (BASC). If you have any questions regarding simulation, please contact KT Waxman (ktwaxman@BayAreaNRC.org).

---

The Bay Area NRC, and simulation in particular, was discussed in the October 10th issue of *NurseWeek* magazine (see page 15).

---

## FACULTY RESOURCE CENTER UNDER DEVELOPMENT

In October, the CFRC Operating Committee met with the FCCC and CINHC teams to review the original data requirements and to discuss the proposed flow of information through the website. The FCCC team has started development on the layout, design, and data fields for the CFRC. This activity will continue through the end of the year and beta testing with the Operating Committee will take place in January 2006. The CFRC will be released to production in March 2006. Outreach efforts are also underway and being coordinated by CINHC. The team plans to visit several area hospitals where there may be nurses interested in teaching. If you know of any meetings, events or special groups within the Bay Area nursing community where we can spread the word about the CFRC, please contact KT Waxman (ktwaxman@BayAreaNRC.org).

### **CFRC Operating Committee:**

**Linda Squires Grohe** - *Committee Chair, Dean of Health Occupations, San Francisco City College*

**Louise Bailey** - *Board of Registered Nursing*

**Audrey Berman** - *Professor and Dean, Nursing, Samuel Merritt College*

**Sandra Castillo** - *Director, Contra Costa College School of Nursing*

**Jayne Cohen** - *School of Nursing Director and Professor, San Jose State University*

**Jennifer Hermann** - *Director, Workforce Planning, Human Resources, UCSF Medical Center*

**Jan Hunter** - *John Muir Mount Diablo Health System*

**Sharon Johnson** - *Director, Associate Degree Nursing Program, Santa Rosa Junior College*

**Karen Johnson-Brennan** - *San Francisco State University*

**Jane McAteer** - *Director of Nursing Program, College of San Mateo*

**Patty Perkins** - *Regional Health Occupations Resource Center, San Francisco State University*

**Andrea Segura** - *John Muir Mount Diablo Health System*

**Rita Sklar** - *Bay Area Works*

**Joel Streicker** - *Private Industry Council of San Francisco*

**Cindy White** - *Nursing Education Coordinator, John Muir Medical Center*

**KT Waxman** - *Program Director, California Institute for Nursing & Health Care*

**Brenda Epperly** - *Director of Health Care Programs, Foundation for California Community Colleges*

**Deloras Jones** - *Executive Director, California Institute for Nursing & Health Care*

## PLEASE WELCOME OUR NEW HOSPITAL USERS:

Center of San Jose  
Kaiser Redwood City  
Doctors San Pablo

### *CCPS School Users:*

*Please login to CCPS  
and update your preferred  
agencies now that these  
users have joined the system.*

“Although there have been a few system glitches uncovered while accepting and rejecting requests, it’s clear to me that this is a fantastic system and is going to decrease the amount of time I spend trying to juggle the competing requests.”

Mary McCollow, RN  
Nurse Educator,  
UCSF Medical Center

“I really enjoyed  
looking at the video  
because I wasn't sure  
how to do the matches.  
I found the section on  
how to do the match  
and could follow it  
fine. Thank you, thank  
you, thank you.”

Gale Carli,  
RN, BSN, M.Ed., MSN,  
Ed.D.  
Director of Registered  
Nursing Program,  
Ohlone College
